FIFTY-FIRST ANNUAL REPORT

OF THE

**Board of Managers of the School for the Blind
Halifax, N. S.**

INTRODUCTION:—Under the blessing of Almighty God the School for the Blind has been carried on successfully for the past year, and the Board of Managers in submitting their fifty-first annual report desire to gratefully acknowledge the many blessings which have been vouchsafed to the school, and to express their sense of deep obligation for the public and private support which the school has received.

OFFICIAL REPORTS:—The reports of the Superintendent and Assistant Superintendent give full details as to the work of the school and the events respecting the blind which have transpired during the past year. It is gratifying to note that the attendance of pupils shows a steady gain over the several previous years and that the work of the Literary, Musical and Industrial Departments has been carried on satisfactorily. Your directors are making every effort to maintain the school at its present standard of efficiency so that the blind youth of the Maritime Provinces and Newfoundland may be thoroughly trained and educated for the battle of life.

PUBLICITY:—We are desirous of giving the affairs of the school the fullest publicity so that the public may become familiar with the character of the work being done. For many years the Superintendent of the School, accompanied by a party of pupils, was in the habit of visiting cities and towns in these Provinces and holding public meetings at which the literary and musical at-

tainments of the pupils were demonstrated, and the claims of the school to public and private support were strongly advocated. These concert tours, which were made in the school vacation of every second or third year, did much to make known and popularize the school, and it is unfortunate that the present high cost of travelling, and the practical impossibility of securing halls in which to hold these entertainments, has prevented the continuance of this effective way of keeping the school before the public.

In this connection it may be noted that an effort is now being made to utilize the modern cinematograph for the purpose of giving to the public a comprehensive idea of the work for the blind. Films have recently been prepared for exhibition and have been shown in Halifax and Dartmouth, setting forth some of the more noteworthy features of the work of the school in its several departments. These films will, in the near future, be exhibited in all parts of the Maritime Provinces, and will no doubt give the school a very wide publicity.

HOUSEHOLD:—The health and comfort of our large household has always received the serious consideration of your Board, and within the limit of our means we have endeavored to provide the staff and pupils with comfortable meals, and with clean and well-ventilated school rooms, work rooms, sitting rooms, recreation rooms, dining-rooms, bedrooms, etc. The evident attachment to the school of the members of the staff and the pupils is a pretty fair indication that their school and home life is happy and contented. During the past year a number of the pupils had measles. Several of these cases were of a somewhat serious nature, but it is gratifying to state that, with the exception of this epidemic, and the usual percentage of minor ailments, the health of the pupils has been in every way satisfactory.

MAINTENANCE:—Desiring to be fully informed as to the cost of maintenance in like institutions in Canada and the United States, a questionnaire was recently sent out to a number of schools for the blind, and the replies proved conclusively that, considering the educational advantages provided for the pupils in this school, the annual cost per pupil was much below the average cost per pupil in like institutions. In view of our straightened financial condition, due to the years of high prices resulting from the war, it was decided that it was imperative to take steps to raise sufficient money to meet our accumulated deficits, and in conjunction with the Maritime Division of the Canadian National Institute for the Blind, to appeal to the generous public of the Maritime Provinces for support. As a result of the campaign in Halifax and Dartmouth the sum of \$22,706.97 was subscribed. The proceeds after the subscriptions have been collected and the expenses paid will be divided equally between this school and the Maritime Division. As this campaign for funds will in the near future cover the Maritime Provinces, your Board request the hearty co-operation and help of those interested in the welfare of the blind in securing financial assistance for this institution, and for the Maritime Division for the training and employment of the adult blind.

THE SUPERINTENDENT, ASSISTANT SUPERINTENDENT AND STAFF:—The school continues under the capable management of our veteran Superintendent, Sir Frederick Fraser, and his assistant, Mr. E. Chesley Allen. Although approaching the jubilee of his appointment, Sir Frederick has lost none of the enthusiasm for the work to which he has devoted his life, and continues to give the institution the full benefit of his ripe experience. Mr. Allen devotes special attention to the academic department of the school, and under him the classes re-

ceive careful supervision. To the Superintendent and Assistant Superintendent, as well as to the members of the staff who have given faithful service during the past year, your Board desires to convey the heartiest acknowledgment and appreciation.

APPRECIATIONS:—It is with sincere regret that your Board records the death of Hon. L. G. Power, who for the past twenty-six years, as a member of the Board, was a regular attendant at our meetings, and was always keenly interested in the welfare of the school.

The school has lost another of its benefactors in the death of Dr. E. A. Kirkpatrick, who for the past twenty-two years was Ophthalmic Surgeon of the School, treated the pupils without remuneration, and whose valued and long continued service we cannot too gratefully acknowledge.

ACKNOWLEDGMENTS:—Your Board gratefully acknowledge the following bequests which have been received during the year:—Daniel Munroe, St. John's, Nfld., \$2,000.00; John Y. Payzant, Halifax, \$1,000.00; W. H. Wiswell, Halifax, \$500.00; Mrs. Janet Caldwell, Halifax, \$150.00; Mrs. Helena Kenny, Halifax, \$150.00; Mrs. Eleanor Inglis, Cambridge, Mass., \$100.00.

Your Board also desire to express their thanks for numerous donations received.

The thanks of the Board of Managers are due Doctors L. M. Silver, F. V. Woodbury and M. A. MacAulay, attending physicians, for giving their services to the pupils free of charge. These gentlemen deserve the sincere thanks of the many friends of the school.

It is gratifying to report that Dr. A. E. Doull has kindly consented to act as oculist and aurist for the school.

To the Press of the Maritime Provinces and Newfoundland we express our gratitude for all it has done and is doing for this school and its graduates.

The Board of Managers also desire to thank all those who have contributed to the pleasure of the pupils by admitting them to theatres, concerts and lectures, and for their kindly help in forwarding Christmas festivities and holiday outings.

G. S. CAMPBELL,
President, Board of Managers.

SUPERINTENDENT'S REPORT.

To the President and Board of Managers of the School for the Blind:—

GENTLEMEN:—The table of attendance herewith submitted shows that 176 blind persons have been under instruction during the past year, of whom 95 were males and 81 females. Of these 29 graduated or remained at home, making the total number registered September 30th, 1921, 147, of whom 75 are males and 72 females. Of these 102 are from the Province of Nova Scotia, 30 from New Brunswick, 4 from Prince Edward Island, and 11 from Newfoundland.

JUBILEE:—In June last year the School for the Blind completed fifty years of active work in the education and training of the blind youth of the Maritime Provinces and Newfoundland. The Jubilee was duly celebrated at the closing exercises of the institution which took place in the Assembly Hall of the School on the evening of June 13th. The jubilee programme of music was exceptionally good and reflected great credit on Mr. J. Hollis Lindsay, Principal of the Musical Department. Dr. J. A. MacDonald, who graduated from the school in 1903, gave the jubilee address, which was forceful and eloquent. Among the other speakers were His Honor Lieutenant-Governor Grant, and Mr. G. S. Campbell, President of the Board of Managers. The latter referred

briety to the success of the school during the past fifty years, stating that seven hundred and seventy-seven pupils had entered the school since 1871, and that many of these as graduates had become self-supporting men and women.

THE SCHOOL:—The work of the several departments of the school under the supervision of Mr. E. Chesley Allen, Assistant Superintendent, has progressed most satisfactorily during the year. The spirit of competition has been keen and the progress made by the pupils has been most encouraging. The several departments are well organized and the teachers have performed their duties with earnestness and zeal.

The friends of the blind throughout the Maritime Provinces and Newfoundland may rest assured that the blind youth of these provinces are receiving a thorough and practical education such as will best fit them to take up active duties of life.

ATTENDANCE:—For several years after the Halifax Explosion the attendance of pupils of the school was much below the average of previous years, being as follows:—

<i>Year.</i>	<i>Pupils.</i>
1917	142
1918	115
1919	123.....
1920	133.....

The financial loss sustained by the school during the years 1917—20 may be appreciated when it is stated that the annual per capita grants are received only for the pupils actually in attendance, while the cost of maintenance, including salaries of staff, fuel, repairs, etc., remained about the same as in previous years. The current year shows an attendance of 147 pupils, and as we

have only accommodation for 150 pupils, it will be seen that we are now approaching the limit of capacity.

THE ADULT BLIND:—During the past twenty years many organizations have been formed in Great Britain and the United States for the training and employment of the adult blind, and for the home-teaching of the blind, and the work has proved a blessing to many who otherwise would have found it most difficult to maintain themselves. A similar movement has more recently taken place in Canada and workshops for the employment of the blind have recently been opened in Montreal, Toronto and Winnipeg. A workshop for the adult blind was established in Halifax two years ago by the Maritime Division of the Canadian National Institute for the Blind. Home teachers have also been actively engaged in teaching the adult blind in their homes to read, write, etc. The work of this organization is being greatly hampered from lack of funds, but the opportunity for employment has proved a blessing to many men who would otherwise have lived in idleness and dependence.

It is recognized that the work of many blind persons could be utilized in the industries of the country, and I look forward to the time when a joint placement official representing the School for the Blind and the adult blind will go out and take active steps towards securing employment for blind persons in existing factories and mills.

CAMPAIGN FOR THE BLIND:—In view of the accumulated deficits of the School for the Blind and the urgent need for money to carry on the work of the Maritime Division of the Canadian National Institute for the Blind, an organized effort was made in October of this year to secure funds to meet the needs of these two organizations. Representatives of the Board of Managers

of the School for the Blind and the Maritime Division of the Canadian National Institute for the Blind, with the co-operation of a number of philanthropic citizens of Halifax and Dartmouth, formed a Central Campaign Committee for the Blind, and during the first week in October an organized campaign for funds was carried out in Halifax and Dartmouth, which, considering the unemployment situation, met with very general support. Through the courtesy of the head office of the Canadian National Institute for the Blind, the services of Mr. Blair M. Clerk, as organizing secretary, were granted to the committee free of charge. The campaign will be followed up by a similar organized effort in the cities and towns of the Maritime Provinces, and it is hoped that with the enthusiastic support of public-spirited men and women in all parts of Nova Scotia, New Brunswick and Prince Edward Island, the School for the Blind will be placed on a satisfactory financial basis and the work for the adult blind will be maintained on a liberal footing. I would like to convey to all those who took an active part in the recent campaign my very sincere thanks for and warm appreciation of the time and trouble taken by them to forward this movement for the blind. I would also like, as Chairman of the Central Campaign Committee, to thank the Ladies' Auxiliary for the Blind for its active co-operation in securing funds; and lastly, on behalf of the Committee, I desire to thank the Press of the city for the publicity it so freely gave the cause throughout the campaign. The net proceeds of the joint campaign will be equally divided between the School for the Blind and the Maritime Division for the Blind.

REPORT OF THE ASSISTANT SUPERINTENDENT:—The report of the Assistant Superintendent, Mr. E. Chesley Allen, appended hereto, gives full details as to the sev-

eral departments of the school and will be appreciated by all persons interested in the education of the blind.

CONCLUSION:—In closing this report I desire to thank the Board of Managers for their continued courtesy to myself and their warm interest in the welfare of the school, and to express the hope that the next fifty years of the history of the school will bear witness to continued efficiency and prosperity.

EXAMPLE IN BRAILLE - AND ORDINARY MUSIC.

HORSLEY.

SUN OF MY SOUL.

The image displays a musical score for the hymn "Sun of My Soul" by Horsley. It consists of four systems of music, each featuring a Braille transcription on the left and an ordinary musical notation on the right. The notation is written on a single staff with a treble clef and a key signature of one flat (B-flat). The melody is simple and hymn-like, with a final cadence in the fourth system. The Braille notation is in a standard musical shorthand, using various dot patterns to represent notes, rests, and other musical symbols.

ASSISTANT SUPERINTENDENT'S REPORT

TO SIR FREDERICK FRASER,
Superintendent, Halifax School for the Blind.

SIR:

I submit herewith a report of the Educational Department, including the Literary, Musieal and Industrial Departments, for the year ending Sept. 30th, 1921.

While principally a report for the school term ending June, 1921, some remarks are appended introductory to the present term, which opened Sept. 17th, 1921.

LITERARY DEPARTMENT:—Of the total of 143 in attendance during the school year, 125 were taking literary classes, 65 boys and 60 girls. Besides thorough training in reading and writing Braille, the embossed point system, which forms the basis of the education of the blind, our pupils were taught all the subjects of the common schools for the sighted, and in addition the following advanced subjects:—Typewriting, Geometry, Algebra, Ancient History, Civics, French and Latin.

The progress in our Typewriting Class has been particularly gratifying, most of our older pupils now writing their own home letters by this means.

MUSICAL DEPARTMENT:—The work of this department, under the direction of Mr. J. Hollis Lindsay, was most satisfactory. The following table shows the pupils in each branch of musical training:—

	<i>Girls.</i>	<i>Boys.</i>
Piano	37	33
Organ	1	2
Vocal	8	3
Mandolin	8	0

Seven of our older music pupils acted throughout the year as pupil teachers, thus receiving most valuable training for their future careers as teachers of music.

Through Mr. Lindsay's efforts the pupils of his department are coming into more intimate contact with outside musical life, and during the year one of them, Mr. Alexander Lamey, received an appointment as organist of St. Thomas Aquinas Church.

INDUSTRIAL DEPARTMENTS:—These two departments, the girls' under Miss Laura McIntosh and the boys' under Mr. J. P. Henriaty, were carried on efficiently and well.

Reed basketry was introduced in the girls' department, and the quality of the work turned out would be a credit to any institution. Rug-weaving was considerably developed, and shows hopeful possibilities of employment for blind girls having the physical strength necessary to the manipulation of the heavy looms. Among the smaller boys the training in manual dexterity given by chair-caning warranted the special attention which it received. A power lathe for smoothing and polishing would be a most desirable acquisition to our shoe-repairing class.

Under Mr. S. B. Hayden twelve boys received efficient instruction in piano tuning and repair.

The regular classes in physical drill conducted for both boys and girls gave results of which any school might be justly proud.

The re-opening of the school in September, 1921, was marked by a few changes in our teaching staff. Miss Mary Cox having resigned as Kindergarten teacher, the position was filled by Miss Audrey Gray, of Yarmouth. The positions on our Literary Staff, left vacant by the resignations of Miss Sarah Custance and

Miss Louise Custance, were filled by Miss Mary Rhind of Elderbank, N. S., and Mr. Kenneth Blaikie, of Great Village, the latter also filling the positions of Instructor in Manual Training and Boys' Supervisor.

The unusually large attendance (147 at date of writing) is taxing our teaching as well as household capacity to the limit; while the great diversity of our pupils as to the age at which they enter school, degree of blindness, mentality, mechanical ability, and future plans and prospects, creates problems in grading which can only be solved by a most careful scrutiny of each individual case. With this end in view, the teachers of all departments meet periodically, and every pupil is thoroughly discussed, so that each may be given a timetable most suitable to his ability and future needs, and with the least possible waste of teaching energy.

FIELD WORK.

During the latter half of July and the first half of August investigation of reported cases of blindness and inquiries for unlisted cases were carried on in the Counties of Cumberland and Colchester, N. S., the entire eastern part of New Brunswick, as far north as Campbellton, and the whole of Prince Edward Island. In all 62 cases were investigated, 12 of which were new to our records. Out of the total investigated just 50% or 31 had to be marked off, 22 having too much sight, 4 physically or mentally unfit, 3 moved away from the Maritime Provinces, and 2 died. Of the remaining 31, 5 were still under age, 4 in Prince Edward Island are denied the privileges of the school because of the delay of the Prince Edward Island Government in granting permits for their admission and 8 entered the school in September. The remaining 14 are still detained at home. I regret to report, either through indifference or misplaced affection of parents who by their short-sighted policy are thus denying their children the opportunity of overcoming their handicap and becoming self-reliant and infinitely happier citizens.

Respectfully submitted,

E. CHESLEY ALLEN,

Assistant Superintendent.

AN ACT RESPECTING THE EDUCATION OF THE
BLIND OF NOVA SCOTIA.

Chapter 54, Revised Statutes, 1900.

1. (1)—The parent or guardian of any blind person between the ages of six and twenty-one years, who has, under the provision of "Chapter 50," a settlement in any municipality, city or town, may apply to the warden of such municipality or to the mayor of such city or town, for an order for the admission of such person into the Halifax School for the Blind, which order the said warden or mayor shall at once grant under his hand and the corporate seal of the municipality, city or town, on being satisfied that such blind person is between the ages above prescribed, and has a legal settlement in such municipality, city or town.—1895, C. 1, Sec. 114, part.

(2)—Such order shall entitle the blind person named therein to be received into the Halifax School for the Blind, and subject to conditions in this Chapter prescribed, to be educated and boarded therein during the school term.—1895, C. 1, S. 114, part.

2. (1)—Pupil's entering the school between the ages of six and ten years shall be entitled to remain seven years in addition to the time in attendance under ten years of age; those entering between the ages of ten and thirteen years shall be entitled to remain seven years; those entering between the ages of thirteen and seventeen shall be entitled to remain five years; those entering between the ages of seventeen and twenty-one years shall be entitled to remain three years.

(2)—The Council of Public Instruction may, upon the recommendation of the Board of Managers, extend the time of attendance of any pupils.

(3)—In the ease of hopeless incapacity, serious misconduct or other sufficient cause on the part of any pupil, the prescribed term may be shortened at the discretion of the Board of Managers of the School.—1895, C. 1, S. 114, part.

3. For every blind person received in the Halifax School for the Blind under an order from the warden of any municipality or from the mayor of an incorporated town which contributes to the municipal school fund, and educated and boarded therein, the Board of Managers of such school shall be entitled to receive from the provincial treasury the sum of two hundred dollars per annum, payable half yearly, and also to receive annually the same sum, payable half yearly, from the municipal school fund of such municipality.—1895, C. 1, S. 114, part.

4. For every blind person who is admitted in the Halifax School for the Blind under an order from the mayor of a city or town, an allowance to the Board of Managers of the school of two hundred dollars per annum shall be rated upon the inhabitants of said city or town in case such city or town does not contribute to or draw from the municipal school fund, and in such case such sum shall be paid to the managers for each such blind person sent to the school, and there shall be paid to the managers from the provincial treasury for each such blind person for which such city or town contributed such allowance the sum of two hundred dollars, in Chap. 54, the manner provided in the next preceeding section.—1895, C. 1, S. 114, part.

5. The Managers of the Halifax School for the Blind shall furnish, semi-annually, to the Council of Public Instruction full returns of the names, ages and residences of the pupils in respect to whom such payments are claimed.—1895, C. 1, S. 114, part.

6. In the annual apportionment of the municipal school fund, the Superintendent of Education shall include the amounts due the managers of the Halifax School for the Blind, and issue drafts therefor on the treasurers of the respective municipalities.—1895, C. 1, S. 114, part.

7. The Council of Public Instruction, upon being satisfied that an applicant has a settlement within the province and has no means of paying the expense of his education at the School or his training in any trade shops carried on, or to be hereafter carried on in this province by the Maritime Association for the Blind, may, upon the recommendation of the Board of Managers, make the provisions of this Chapter apply to any blind person over the age of twenty one years. Such action of the Council of Public Instruction shall entitle the blind person to be received into the School, or such trade shop, on the same terms as he would be received into the School, if he were under the age of twenty-one years.

8. In the case of any person who has been admitted to the Halifax School for the Blind or on whose behalf application for admission to such school has been made, who has no settlement within the province, the Provincial Secretary, if satisfied that such person is chargeable to the Province, may pay, or agree to pay to the Board of Managers of the School the same sum as is paid from the provincial treasury in the case of a person admitted under the foregoing provisions of this Chapter.—1895, C. 1, S. 114, part.

9. The parent or guardian of any blind person between the ages of six and twenty-one years, who has not a settlement within the Province, may, nevertheless, apply to the warden of any municipality, or to the mayor of any city or town for an order for the admission of

such person into the Halifax School for the Blind; and if such warden or mayor is satisfied that such parent or guardian has *bona fide* settled in such municipality, city or town, with the intention of remaining, the warden or mayor may grant such order, which shall have the same force and effect as an order made under the provisions of this Chapter in respect to a person who has a settlement within this province.—1895, C. 1, S. 114, part.

10. The Provincial Secretary has to be ex officio a member of the Board of Managers of the Halifax School for the Blind.—1895, C. 1, S. 114, part.
